### Automation Fair®

Automation Fair®, presented by Rockwell Automation, features our latest advancements, products and services in action! Our technology experts will walk you through innovative use cases and demonstrate how they enable informed real-time decisions that achieve better outcomes for your operation. Whether you are looking to optimize productivity, empower your workers, manage risk, drive sustainability or accelerate your digital transformation, Automation Fair® has you covered.

#### **IF02 Life Sciences Industry Forum: Digital Transformation for the Evolving Industry**

Life Sciences companies are creating new, innovative therapies. From cell and gene therapies to personalized medical devices, innovative science requires innovative solutions to bring them to market. To stay on the right path, you need to have a clear vision of your digital journey. In this session, we will talk about what the future holds, and the steps required to reach your destination.

Wednesday, November 16, 2022  
9:00 a.m. - 10:30 a.m. central

**REGISTER NOW**

# Inspiration and Training

Automation Fair® offers a vast offering of education opportunities covering the most important topics and issues your industry is facing. Our technology experts will cover the newest solutions, discuss proven best practices, and offer insight on how to enhance your operation and overcome today's challenges. Plan to attend sessions to advance your knowledge and skillset.

## PRODUCTS & TECHNOLOGY

PT07: Introducing Physics-based Digital Twins from Ansys

PT08: Enabling Mobility Within the Connected Enterprise

PT11: Augmented Reality to Help Enable the Digital Worker

PT23: Putting Your Data to Work from Shop Floor to Top Floor

PT38: PlantPax® System: Now and in the Future

PT56: Cybersecurity 101: Understanding the Core Principles and Technologies of Securing Your System

## HANDS-ON LABS

L03: Designing Machine-level HMI with PanelView™ 5000 Graphic Terminals and Studio 5000 View Designer®

L04: FactoryTalk® Analytics™ DataView: Achieving Continuous Improvement with Real-time Operations Visibility

L10: FactoryTalk® Edge™ Software: Your Solution for Edge Management and Data

L13: Introduction to PlantPax® System for Operational Efficiencies

L14: Introduction to PlantPax® Process Controller and Engineering

L18: Virtual Commissioning Using Emulate3D™ Software

## EXPO

Booth 461: Sustainability

Booth 635: Industry Pavilion

Booth 1401: Innovations: Emulate3D™

Booth 1402: Technology & Services Showcase: Emulate3D™, PlantPax®
