available!

## 2nd Annual BIO-SENS Industry-Academic Biotechnology Symposium

*Bringing together the nucleus  
of a new biotechnology  
workforce in Alabama, Maine,  
New Hampshire, and Wyoming*

**Wednesday, July 26, 2023**

- Biotechnology and biomanufacturing professionals
- Academic researchers and educators
- Students interested in bioscience and engineering

**Please join us at our annual symposium!**

Featuring:

- Academic and industry keynote speakers
- Student posters and presentations
- Panel discussions
- Networking opportunities

Submit Abstracts and Travel Award  
Applications by **May 15th**

Register by **June 15th**
