

## Earn high school credit while you learn!

Enroll at VLACS and earn credit by participating in the ARMI | BioFab USA Summer Workshop!

In partnership with the Virtual Learning Academy Charter School and ARMI BioFabUSA, you the option to earn credit for learning about the diverse career opportunities in the field of biofabrication.

To earn high school credit, complete STEM-focused projects during the [ARMI | BioFabUSA summer workshop](#) while meeting VLACS's course requirements with the support of an Advanced Regenerative Manufacturing Institute (ARMI) Program Coordinator.

### ▶ About the Workshop:

[The workshop](#) will be held on July 17-21, 2023, from 9:00-3:00 pm at the Advanced Regenerative Manufacturing Institute (ARMI) on 500 N. Commercial Street (2nd Floor) in Manchester, NH. Further details will be provided to registrants. The course is limited to 12 students and may be cancelled if enrollment does not meet the minimum requirement.

### ▶ How to Earn Credit:

1. Meet the applicable competencies within the course offering.  
Complete your learning through both the ARMI | BioFab USA experience and the VLACS curriculum.
2. Receive a VLACS transcript showing completed competencies, credit earned, and a digital badge to acknowledge your achievement.

### ▶ Cost:

- VLACS is free to New Hampshire residents in high school.
- For out-of-state residents, the cost is \$251.50 per quarter credit.

### ▶ Next Steps:

1. Find the [ARMI | BioFab USA Microinternship](#) offering in the VLACS Learning Catalog and review the course requirements.  
Check with your school to confirm that the VLACS credit will be accepted. VLACS is an approved diploma-granting NH public school and works with high schools throughout the state.
2. [Create a VLACS student account](#), and enroll in ARMI | BioFab USA Microinternship.
3. Email Lisa Kent at [LKent@vlacs.org](mailto:LKent@vlacs.org) with any questions.
